

Developer Services Bulletin

Issue 02 - 2025

Developer Services Bulletin – Issue 02 2025.

Important Update - Uisce Éireann Codes of Practice and Standard Details for Water and Wastewater Infrastructure.

On the 14th of August 2025 Uisce Éireann will publish revised Codes of Practice and Standard Details for Water and Wastewater Infrastructure to be installed in new Developments that will be connected to the Water and/or Wastewater networks. The revised documents will be available to download from the Uisce Éireann website www.water.ie/connections/developer-services/technical-guidance

The revisions will be as follows:

Document No.	Document Title	Current Revision	Proposed Revision
CDS-5020-03	Code of Practice for Water Infrastructure	Rev 02	Rev. 03
CDS-5020-01	Water Infrastructure Standard Details	Rev 04	Rev 05
CDS-5030-03	Code of Practice for Wastewater Infrastructure	Rev 02	Rev 03
CDS-5030-01	Wastewater Infrastructure Standard Details	Rev 04	Rev 05

The following transitional arrangements will apply:

- The requirements of the Standard Details (Revision 4 – July 2020) and Codes of Practice (Revision 2 – July 2020) will apply in full for all Connection Applications received by Uisce Éireann up to the 13th of February 2026.
- The requirements of the Standard Details (Revision 5 – August 2025) and Codes of Practice (Revision 3 – August 2025) will apply in full for all Connection Applications received by Uisce Éireann from the 14th of February 2026.
